components UPDATE

WHAT'S NEW?

NEW PRODUCTS FROM THE ROCKWELL AUTOMATION COMPONENTS BUSINESSES

Bulletin 825-P Modular Protection System - Product Line Extension

AFS: Now!

The Bulletin 825-P Modular Protection System has expanded to include an additional control power option, conformal coating options, and energy metering available in firmware R401.

Advantages:

- 24...48V DC Control Power Option:
 - 825-PZ
- Conformal Coating Options:
 - 825-PD-CC (120-240VAC base unit)
 - 825-PZ-CC (24-48VDC base unit)
 - 825-PIOR-CC (24VAC I/O card)
 - 825-PIOD-CC (120VAC I/O card)
 - 825-PVS-CC (voltage card)
 - 825-PMB-CC (Modbus communication card)
- Energy Metering - Available in Firmware R401:
 - MWh
 - MVARh

Bulletin 140U R-Frame Molded Case Circuit Breakers - Product Line Extension

AFC: NOW!

Rockwell Automation is announcing the introduction of the R-frame to the Bulletin 140U Family of molded case circuit breakers. The R-frame maximum current rating is 2500 A, and will consist of 3 Frame ratings; 1600 A, 2000 A and 2500 A.

Advantages

- Same footprint
- Higher interrupt ratings
- Internal accessories can be field-installed
- Flexibility

Bulletin 931 Signal Conditioners - Product Launch

AFC: NOW!

Rockwell Automation is pleased to introduce the Allen-Bradley Bulletin 931 Analog Signal Conditioner product line. This new offering provides a wide range of products for use wherever temperature, pressure, speed, weight, level, and flow are measured and controlled as part of a continuous or batch production process.

Advantages

- Prevents ground loops
- Converts several analog signals to standard current signal
- Provides isolation, eliminating noise and multiple signals

ADDITIONAL UPDATES FROM THE ROCKWELL AUTOMATION COMPONENTS BUSINESSES

Sales Tools

Essential Components Catalog

Scheduled for release in March 2010, the Essential Components catalog covers a selection of our most popular components. We will be making an initial shipment to each Distributor Components Specialist as registered on the Channel Extranet in North America. Stay tuned for the official release announcement and for information on ordering.

Signaling Solutions Brochure

Released in January 2010, this new brochure is available for order through [CustomPoint](#). Translations are currently in process for Portuguese, French, Italian, German, Spanish, Chinese Simplified, Chinese Complex, and Korean.
